You and Jimny. On your way to adventure.

Built to tackle the harshest weather and terrain, the Jimny goes where other vehicles fear to tread. Take on nature's challenges. Unleash your spirit of adventure and get ready to explore.

Ample body angles and clearance

Push outdoor exploration to the limit with ample body angles and ground clearance that let you handle steep slopes, sharp descents and obstacles without scraping the bumpers or underbody of the Jimny.

Stay focused on what matters most

In the Jimny, there's little to distract you from driving. Its stylish black interior is humble yet handsome, and controls are designed for quick and easy operation even when wearing gloves.

Depend on robust authenticity

Four uncompromising features define the Jimny as a serious off-road machine – a robust ladder frame, three ample body angles, 3-link rigid axle suspensions with coil springs and 4WD with a low-range transfer gear.

4WD with low range transfer gear

At your command, the Jimny adapts to every situation. Shift the transfer lever to the 4L mode when the going gets tough for maximum torque and traction. Enter 4H to enjoy 4WD traction on flat off-road trails or snowcovered roads, and shift to the 2H (2WD) mode on paved roads for quieter and more fuel efficient ride. Let ALLGRIP PRO satisfy your adventurous mind with its on and off-road mastery.

Pack your gear for adventure

Whether navigating the urban jungle or exploring off the beaten track, the Jimny offers ample space and practical storage features to accommodate every need.

Body Colours

■ **Two-tone colours** Three combinations of two-tone colouring are available

Kinetic Yellow + Bluish Black Pearl 3 (DG5)

Brisk Blue Metallic + Bluish Black Pearl 3 (C2W)
