

**BORN
OF
GREATNESS.**

HI-5

European Motorcycle Design Low Centre of Gravity

Ultralight & Robust 155CC Engine with SEP Technology

Futuristic LED Headlamp & Tail Lamp

Sporty Split Seat

Bar-type Stylish Handlebar & Fully Digital Instrument Cluster

KEY HIGHLIGHTS

Street Sport Naked Bike
Built to impress and to perform, Inspired by European design trends

Fuel Injection Technology
Accurate & improved throttle response with great combustion efficiency

Futuristic LED Headlamp
It provides long and wide visibility from its extremely bright LED headlamp and enhances the looks of motorcycle

LED Tail Lamp
Compact design with highly illuminated LED lights, gives a premium look to motorcycle

Wider Tyres (F-100mm, R-140mm)
For excellent road grip and superior performance while riding on different road conditions.

Rear Tyre Hugger & Dual Muffler
All new design to complement the premium and sporty looks of the motorcycle

41mm Large Diameter Front Forks
For increased rigidity around front section & reduced weight

Suzuki Easy Start System
One touch, stress-free starting for convenience and ensures long battery life of motorcycle

ABS
Automatically controls the braking force efficiently and avoids wheel lock-up

Newly Developed Frame & Swing Arm
Provides more strength to chassis and 12% higher rigidity

COLOUR OPTIONS

GLASS SPARKLE BLACK

METALLIC SONIC SILVER

METALLIC TRITON BLUE

#1 STEP FRONT VIEW

1. Sporty front appearance
2. Futuristic LED Headlamps for great visibility
3. Stiff Suspension 41mm diameter for superior ride and handling
4. ABS for added safety while riding
5. Wide front tire 100mm for improved road grip

#2 STEP RIGHT SIDE VIEW

1. European Motorcycle Design with low centre of gravity
2. Front & Rear Disc Brakes for enhanced safety
3. High ground clearance of 160mm best suited for Indian road conditions
4. Dual muffler for a distinctive looks & adding macho character to bike

#3 STEP REAR VIEW

1. LED rear combination light for great visibility to following traffic
2. Wide rear 140mm radial tyre for better stability and road grip.

#4 STEP LEFT SIDE VIEW

1. Ultralight & robust 155cc powered by cutting edge SEP technology for top-class performance & fuel efficiency
2. Adjustable 7-step rear suspension for better handling and cornering
3. 6-spoke wheels for a sporty & premium looks
4. Newly developed frame & Swing arm for higher safety

#5 STEP ON THE VEHICLE

1. Stylish & sportier bar-type handlebar
2. Fully Smart Digital Instrumentation to have all useful information on-the-go
3. Split seat for a dynamic yet comfortable position
